## RAMILI® DIGITAL BABY MONITOR RA400 BLACK & RA400 WHITE

Ramili Digital Baby Monitor RA400 - slimline all-white or all-black design, a definite must-have for new parents needing to keep an ear out for restless newborns.

It uses digital technology to ensure that no 'crackly' interference noise and gives you 500m range, means it works even when you're downstairs - or out in the garden. Plus an audio and visual alert out of range and low battery indicator gives you peace of mind.

More useful functions - voice activation, room temperature monitor and soft LED nightlight.

- Digital technology for zero interference.
- Up to **500m range**.
- Automatic channel selection.
- Voice activation function (VOX).
- Room temperature monitor.
- Nightlight - soft LED light.
- The low battery indicator and out of range audio and visual alert.
- Adjustable microphone sensitivity on baby unit.
- Two-way communication.
- ECO system- Automatic power reduction.
- Parent unit vibrating alert function.
- Crystal clear digital sound quality.
- Sound level light display.
- Light, compact and stylish.
- Includes rechargeable battery pack in the parent unit.
- Baby unit requires 3 x AAA batteries (not included).
